

## NEW YORK'S STATE SURE FOR BRAIN

Democratic State Convention  
Will Be Held in Rochester  
on Sept. 15.

HARMONY THE WATCHWORD  
CHAIRMAN CONNERS BEGINNING  
TO GET ENTHUSIASTIC.

New York, Aug. 14.—The Democratic state committee in ten-minute session this evening voted to issue a call for the Democratic state convention to be held in Rochester Sept. 15. The committee also adopted unanimously resolutions endorsing the candidacy of W. J. Bryan and John W. Kern and expressing approval of the platform of the Denver convention, as follows:

"The state committee of the Democratic party of New York state cordially ratifies, approves and endorses the action of the national convention at Denver in selecting as the standard bearers of the party in the national campaign W. J. Bryan of Nebraska and J. W. Kern of Indiana. We believe Mr. Bryan stands out among all the public men of the country as the embodiment of honesty, integrity, patriotism and other qualities which go to make up an ideal American statesman, and that in Mr. Kern he has a worthy representative, and one who sizes up well to the great office of vice president.

Platform Commended.

"We strongly commend the platform adopted at Denver and believe that it sets forth the principles of progressive Democracy.

"In the face of the great extravagance of the present Republican administration and of its plain disregard of the best interests of the people we see on every side evidences of Democratic harmony, and we call upon the voters of the state of New York regardless of party, to rally to the support of Bryan and take part in carrying the party to victory this fall."

Chairman W. J. Connors had invited the chairman of the various county committees for a general exchange of views on the political situation, and the invitation was quite generally accepted. Mr. Connors, when asked about the situation, said:

Will Carry New York.

"W. J. Bryan will carry New York state by from 75,000 to 100,000. Bryan is the strongest Democrat in New York today. He will carry Erie, Niagara, Chenango and fifteen or sixteen other counties. Kings county will roll up a big majority, and other boroughs of New York may be disappointed to add a sufficient Democratic plurality to wipe out the Republican plurality up state.

"In my opinion, whoever is nominated for governor by the Republicans will not carry the state above the Bronx by more than 50,000 or 75,000."

Discussing the gubernatorial situation, Mr. Connors said he had heard the name of Judge Alton B. Parker mentioned as a candidate. "There is plenty of good material to pick from," said Mr. Connors. "Martin W. Littleton would make a strong candidate. State Comptroller Glynn has been a strong candidate for governor. Lieutenant Governor Chandler is also a strong up-state man."

## TRAGEDY IN DINING CAR.

Policeman Disemboweled by Negro  
Cook—Murderer Is Wounded.

New Orleans, Aug. 14.—Policeman John J. Carroll was cut down today by a negro cook who was afterward fatally wounded by the police on a Louisville and Nashville railroad train in the station here. The negro was quarreling with another negro and when the officer entered the dining car the cook disemboweled him.

The murderer fled into the drawing room car, where he was followed by the police. He was shot and killed by the police. The negro's name was Frank Barfield, and he had been drinking when he reported for duty on the dining car today. During the quarrel another negro, John Scott, was shot and probably fatally wounded.

## CLAIM ALLOWED.

Hotel Man Was Damaged \$25 Worth  
by Act of Suicide.

San Francisco, Aug. 14.—A judgment rendered today by Judge Graham of the superior court and Public Administrator M. J. Hynes in the matter of the estate of the late John J. Nelson, a claimant of the most peculiar claims ever allowed in a probate department of the city. Nelson, a deceased, committed suicide last January in a hotel conducted by J. J. Donovan. When Nelson's estate was brought into probate court the donor presented a claim containing the following items:

Damage to carpet by blood and brains, \$10.  
Damage to wall by bullet and brains, \$5.  
For removing contents from rooms and some cleaning, \$5.

The claims, approved by the public administrator, was allowed by the court.

## WOMAN ON RAMPAGE.

Mary Mullen Used Glass Insulator as  
Weapon.

Mary Mullen, a well known character, while attempting to emulate Carrie Nation, was arrested last night by Policemen Pitt and Curran. Armed with a heavy glass insulator which she threw at a window of a saloon at 68 Commercial street, before her, taking possession of the saloon. A few minutes later the police burst in and dragged her from the place. It is expected that the time of her hearing today the warlike arduous display last night will have cooled. It is reported that relatives are seeking to have her placed in an asylum.

## DEATH OF A PIONEER.

Alexander Gillespie Dies at Provo,  
Highly Respected.

(Special to The Herald.)

Provo, Aug. 14.—Alexander Gillespie of the fifth ward died today of general debility at the age of 78. Mr. Gillespie was born at Radden, Scotland, in 1830, and came to Utah with his family in 1861. Since then he has been a resident of Provo, where he was highly respected. He was for several years bishop of the Pleasant View ward and was prominent locally in church work. He leaves a wife and three children and numerous grandchildren and other relatives. The funeral will be from the fifth ward meeting house at 2 o'clock Monday.

## OGDEN CANYON EXCURSION

Over the Lagoon route. Round trip fare, including automobile and all car accessories, \$1.50. To Ogden only, Sunday, \$1.00.

## ROLLED OFF SCAFFOLDING

Oak Park, (Ill.), Woman at Death's  
Door as Result of Devotion  
to Health Promotion.

Chicago, Aug. 14.—As a result of over-devotion to health promotion, Mrs. Nancy Balloon of Oak Park is near death.

While taking a sun bath yesterday Mrs. Balloon fell from a scaffold she had built outside her room on the second story of her home and on which she was lying.

Mrs. Balloon has been interested in a number of health exercises. After taking a walk in the morning in her bare feet, she lay on the scaffold, and taking a cold plunge, she has been in the habit of spending several hours in her improvised sun porch. It is supposed that while dosing she rolled from her cot off the scaffolding. She is suffering from three broken ribs and concussion of the brain.

## KILLED BY SIOUX IN 1736

Party of Priests Discover Skeletons  
of Explorers on Island in Lake  
of the Woods.

Winnipeg, Aug. 14.—The skeleton of Jean Baptiste de La Verandrye and Father Alneau, a Jesuit missionary, and the skulls of nineteen French voyageurs, all of whom were killed by Sioux Indians on the island in the northwest angle of the Lake of the Woods in 1736, were discovered last week by a party of priests of the Boniface college of Winnipeg, accompanied by Judge Prud'homme. The St. Boniface party also found the site of Fort St. Charles, built in 1732 by the great explorer, Sieur de La Verandrye.

Jean Baptiste de La Verandrye was 20 years old at the time of the massacre. He was the son of La Verandrye, the explorer. Numerous unsuccessful attempts had previously been made to identify the scene of the massacre and to recover the bodies of the victims.

## THE DEATH RECORD.

Rear Admiral J. K. Cogswell.

Milwaukee, Wis., Aug. 14.—Rear Admiral James Wesley Cogswell, U. S. N., retired, is dead at Jacksonville, Fla. A telegram received today from S. M. Match, a brother-in-law of Admiral Cogswell, by Lieutenant General Arthur MacArthur, U. S. A., simply announced the death of the distinguished naval officer and requesting that General MacArthur make arrangements for the burial in Milwaukee.

"This news comes to me as a tremendous surprise," said Cogswell. "I had no intimation that Rear Admiral Cogswell was in poor health and I only knew that as a retired officer of the navy he was living quietly with his family at Portsmouth, N. H. Unless it is otherwise desired by the family, he will be buried at the family home in Portsmouth. General Charles King, U. S. A., expressed the profoundest sorrow over the admiral's death."

## Ira D. Sankey.

New York, Aug. 14.—Ira D. Sankey, the singing evangelist, died at his home in Brooklyn last night.

Mr. Sankey was 68 years old. Five years ago he was stricken with blindness and since that time he had lived in retirement in Brooklyn. He received a large income from his publications and had acquired a considerable estate.

## Gordon MacDonald.

New York, Aug. 14.—News of the death at Ganaquo, Can., of Gordon MacDonald, member of the firm of Speyer & Co., bankers, of this city was received today. Mr. MacDonald was a member of the New York stock exchange and director of the bank of New York and the New York Central and the Mexican International Railroad company.

## In the Eyes of the Wife.

Vienna Bakery Bread is always the  
best. Ask your grocer.

## BOX ELDER CO. SCHOOLS.

List of Teachers Engaged by Board  
of Education for Ensuing  
School Year.

Brigham, Aug. 12.—The following teachers have been engaged by the board of education to teach in the schools of Box Elder county for the ensuing school year: High School—A. D. Neff, Hyrum Smith, J. L. Daly, Delta Cole, Florence Compton, Central School—C. J. Richey, principal; Louise Kinnally, assistant; J. D. Wade, eighth grade; Ralph Jensen, seventh; Leonard Nielsen, seventh; E. Macpherson, sixth; Sylvester Iverson, fifth; Fred Phoenix, fifth; Hazel Snyder, fifth; Lillie Gotberg, fourth; Vera Davis, third; Rachel Bannan, second.

First Ward—Ruby Stevens, second grade; Vera Chambers, first; Nan Kewley, beginners.

Second Ward—Reta Zippa, Webb, grade; Florence Giles, second; Alice Harding, beginners.

Apple Dale—Katherine Keller, principal; Peter A. C. Peterson, principal; Beaver Dam—Ezra P. Jensen, principal; Lillian Wright, second; Bonnie—Ella Iverson, first; Corinne—A. L. Shaw, principal; Sarah L. Young, first.

Clear Creek—W. R. Stevens, principal; Curlew—Blanche Lechenau, principal; Dewey—C. W. Nish, Nellie Barnard, South Elwood—William W. Owens, Ada Hanson.

North Elwood—Olive Hall, Ivy Dora Toome.

Evans—Angeline Shaw, principal; Lillian Jolley, Maud Sorenson, Field—Burdette Smith, Mary L. Rose, La Von Griffith.

East Garland—James Kennard, Mary O'Connor.

North Garland—O. H. Haws, Mabel Watkins, grade; Fred—F. O. Despain, principal; Honerville—O. T. McCormick, Irma McCormick, Nellie C. Carter, J. D. Phillips, Leroy Phillips.

Lucin—H. G. Wright, principal; Mantua—C. C. Jensen, Inez Stock, Mary Laver.

Park Valley—L. E. Deuel, principal; Penrose—Rose M. Roche, principal; Perry—D. P. Hargrave, Mary D. Clark, Plymouth—Clifford Madsen, Liddy J. Hedden.

Portage—W. S. Hall, Lottie G. Lennhoff, Nora Page.

Point Lookout—Alice A. Johnson, Riverside—W. E. Hall, Leona Zundel, Rosette—P. A. Graham.

Roswell—John T. Spencer, Norma T. Justisen.

Snowville—J. S. Bingham, Anna Johansen.

Terrace—May Bower.

Thatcher—M. J. Thora, Hazel Watt, Tremonton—N. E. Shaw, Sarah Fowler, Union—Wilford Christensen.

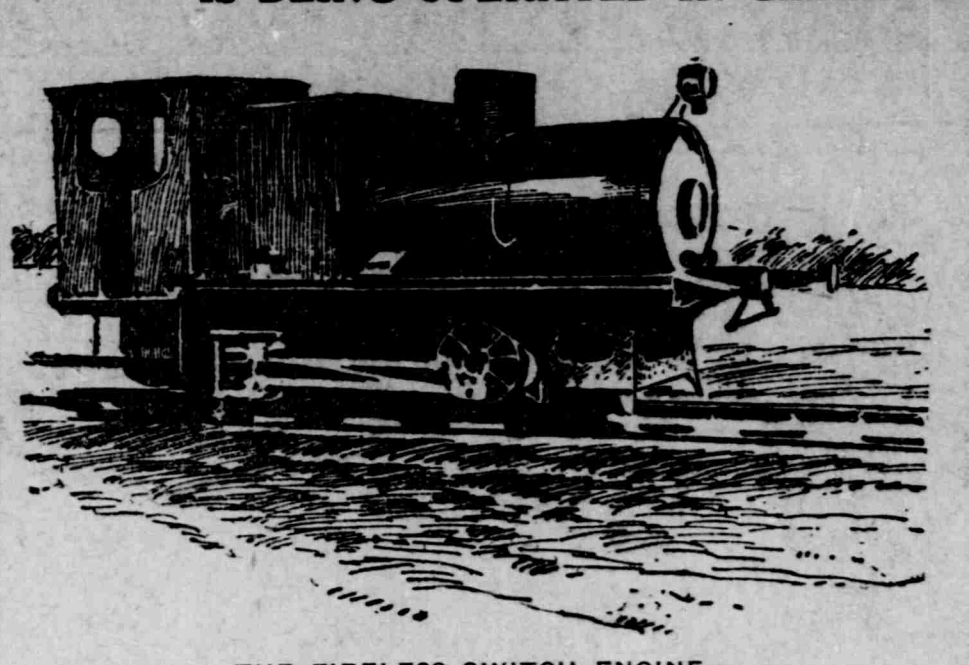

Washtakie—J. Edward Gibb, principal; J. A. Ward, A. B. Taylor, sixth and seventh grades; Jeanette Ostlund, fourth and fifth grades; A. Mabel Johnson, third and fourth grades; Elizabeth Nebeker, primary, Myrtle Kelsey, primary.

Yost—T. A. Ellison, Myrtle Brown.

## The Best Printing.

printers, 165-167 South West Temple.

## SWITCH ENGINE WITHOUT FIRE IS BEING OPERATED IN GERMANY

THE FIRELESS SWITCH ENGINE.

A fireless locomotive is one of the novelties in railroading. Salt Lake railroad men who have read descriptions of the locomotive, which is in use in Germany, say that it is improbable that such an engine will ever be used to any great extent in this country. Special Agent Carden of the United States revenue cutter service has written the following description of the locomotive from Berlin:

"The Germans are turning out a fireless locomotive, which, in point of simplicity, ingenuity and economy, is thoroughly characteristic of their nation. I have had occasion to ride on one of these fireless locomotives, and its simplicity can be understood when I state that in the cab the mechanism consisted merely of a throttle bar, reversing gear and brake, while the engine was required to run the machine, thus saving the expense of a fireman.

"As the name implies, the locomotive is fireless. There is no firebox. In general appearance the machine resembles the orthodox type of locomotive minus the firebox, funnel and sundry other attachments.

"It must be understood that this type of locomotive is unsuitable for interrupted railway service, but is essentially a yard shunting machine; in other words, it must keep near its base of supply, and this base of supply is the boiler of some local power station. At this local power station the tank of the locomotive is filled with steam, and on this steam supply the engine will run from four to five hours doing ordinary switching work.

"When I entered the cab of one of these switching engines the steam gauge showed a reading of forty-five pounds. I was informed that two hours had elapsed since the boiler was charged and that steam was taken on at 170 pounds pressure. The chief engineer of the works stated that the boiler could limp back to its station even with steam pressure as low as one-half an atmosphere."

## WILD MOB IN CONTROL OF SPRINGFIELD

Continued from Page 1.

The crowd wrecked the restaurant, tearing everything to pieces inside, demolishing the automobile and setting it on fire. The fire department was summoned to extinguish the burning automobile and another struggle ensued when the militiamen tried to drive back the rabble to allow the firemen to play a hose on the burning machine. Three members of the Gating gun squad were injured during the rioting, and the rioters took several guns from the soldiers. These captured guns were used to finish the wrecking of the restaurant. When the mob reached the bottom of the stairway leading to the buffet of the restaurant they found the dead body of a woman who had been shot in the head by a man who had been shot in the neck, where there was a wound, but another doctor who came up later said that the boy's death was due to a broken neck.

Richardson was arrested today for assisting Mrs. Earl Hallam, wife of a street car conductor. Last night Mrs. Hallam was dragged from her bed in her home, forced into the garden and assaulted. She was badly bruised and was unconscious for some time.

When she was arrested, she identified him as being the negro who attacked her. Feeling grew so intense against the negro that the police were forced to secretly take Richardson and Joseph Lane (the latter in jail charged with the murder of A. C. Bannan) and chased James from his house where James had gone evidently with the intention of assaulting Bannan's daughter) to Bloomington for safe keeping.

## Negro Lynched.

Springfield, Ill., Aug. 15.—A mob of white men, 245 in number, this morning lynched a negro who was supposed to be sneaking under cars on the Illinois Central and shooting at the whites.

The lynch mob, which was composed of the national guard arrived at 2:30 this morning and went to the "bad lands," where twenty-six huts were burned and the fire is still raging.

## Held in Readiness.

Bloomington, Ill., Aug. 15.—At 3 a. m. the Bloomington fire department was notified to be in readiness to go to Springfield to assist in fighting the fire.

## DECLARED TO BE INVALID

Continued from Page 1.

Herzinger, Eleanor A. Herzinger, Nellie Belle Herzinger and Fred H. Herzinger, appellants, is reversed. Little & Co. v. Herzinger, appellants, is affirmed. The supreme court says they are not entitled to commission.

## TO SETTLE LAND DISPUTE.

State Engineer Will Decide to Which  
County 10,000 Acres  
Belong.

Manti, Aug. 14.—State Engineer Caleb Tamm will meet Monday next with representatives of Sanpete and Juab counties, together with some surveyors, on the county boundary line between the two counties. The dispute is over a tract of land in the head of Salt Creek canyon, for the purpose of settling some disputed territory of Sanpete and Juab counties involving a tract of 10,000 acres of land claimed by aforesaid counties. It is claimed, and without doubt authentic, that the portion of the tract in question is in Sanpete county at least the past twenty-five years; and the past two years Juab county has attempted to assert its claim to this neighborhood which have been assessed in this county at least fifteen years. There are also lands in dispute by the same counties just north of Payette into this neighborhood which are not expected to be taken up at this time. Quite an interest is manifest in this matter and it is expected that quite a party of citizens will accompany the officials to the place of arbitration or settlement.

The Republic county committee will meet at Ephraim Saturday of this week to talk over campaign matters for the fall election and to lay plans by which they hope to defeat the Democrats at the polls, as they realize they have some things besides an elephant on their hands this year. During their session they will decide the number of delegates who shall attend that convention and issue call for the convention that will name county candidates. There are seventeen committeemen, and Chairman Smyth expects attendance of all, as the Republicans of Sanpete expect to work harder than ever to elect their ticket.

Mrs. Joseph Madsen, who has been for some time suffering from a complication of diseases, and is at present in a precarious condition.

Moreno, Fountain Green, Wales, Freedom and Jerusalem, all within the border of Sanpete county have representative citizens in Maple canyon this week enjoying a pow-wow and general good time as Black Hawk fighters in early days. Extensive preparations have been made for the occasion and some of our people who were in attendance report that a most enjoyable time was spent.

A flood was reported to have come down

## THE PRESIDENT

United States Military Tournament  
to Be Held at St.  
Joseph in September.

Roosevelt Plays Tennis  
Congressman Barchfeld a  
Caller at Sagamore Hill.

Oyster Bay, Aug. 14.—An invitation to President Roosevelt to visit the United States military tournament at St. Joseph, Mo., Sept. 21 to 25, was given today by John Donovan, on behalf of the military tournament association of St. Joseph, and on behalf of the people of the city of St. Joseph. Mr. Donovan is president of the association. The president expressed a desire to attend, but said he could make no promise because he probably would be unable to make the trip on account of other business.

With Dr. Andrew J. Barchfeld of Pittsburgh, member of the house of representatives from the Thirty-second Pennsylvania district, the president spent some time in discussing conditions in Central America and the coming of the meeting in Berlin of the International Inter-Parliamentary union, at which Mr. Barchfeld will be a delegate.

Prior to the arrival of his guests, the president played tennis. In the afternoon the president remained quietly at home reading. He is still seeking all information obtainable on African hunting.

## St. Joseph's Tournament.

The tournament of St. Joseph is to be exclusively one of United States troops and no militiamen will take part. The soldiers will come from the Department of the Missouri and will represent every branch of the service, even the balloon corps. The aerostatic exhibit, it is expected, will be one of the most interesting features of the show.

The association has provided \$5,000 in cash to be distributed in prizes for the best feats performed by the soldiers. The money will be apportioned as prizes by a board of United States army officers appointed for that purpose.

President Roosevelt became very enthusiastic about the plan and assured his visitors that there was no question of the value of the show to the army, and he believed in encouraging athletics among the soldiers.

## Trip to Central America.

Dr. Barchfeld talked with the president principally on his trip of five weeks through Central America and Panama. He returned last Tuesday. He attended sessions of the Central American court of arbitration, which was the outgrowth of the Central American peace conference held in Washington last winter. The court was in session at Cartago, Costa Rica, when he made his visit. He said that the people of Costa Rica were not at all disturbed by the war with the United States, and that the court rendered decisions adverse to the adjoining countries. The Costa Ricans feared, he said, that they might thus be involved in war with their neighbors. Mr. Barchfeld explained to them that Costa Rica had nothing to fear, because the United States and Mexico, which are bound by treaty to maintain peace in Central America, would protect that republic.

Regarding Panama, Dr. Barchfeld told the president that work on the Panama canal was progressing satisfactorily. He said that the work under the new administration had been so thoroughly systematized that it is now only a matter of mathematics.

## Panama Elections.

The recent elections in Panama, said Mr. Barchfeld, was a triumph for clean and decent politics. Senator Obaldia, the newly elected president, was the choice of 90 per cent of the voters, he said. In the elections in Panama, which are held by the entire republic before he takes office, the congressman learned. This will take a long time, but he is one of the people of the republic. His object is to obtain an idea of the wants and needs of the republic, which are one of the people of the republic. He is one of the people of the republic. He is one of the people of the republic.

The coming meeting of the International Inter-Parliamentary union at Berlin, which was also discussed by the doctor and the president, will take place Sept. 15 and 20. Dr. Barchfeld, who is one of the twenty-five delegates named by the house of representatives to attend the meeting, will leave today after an interview with the president. The Latin-American republics of South and Central America would for the first time be represented at the conference.

## RELEASED FROM PRISON.

Former New Jersey Clergyman  
Proved a Poor Shepherd.

Trenton, N. J., Aug. 14.—Frank Cordova, the former South River (N. J.) clergyman, who sloped with Julia Browne, a choir singer, and who afterward was sentenced to the state prison, was released from that institution today after an imprisonment of nearly four years. Cordova left the city in an automobile. It is believed he boarded a train at New York for Philadelphia, where he would not discuss his personal affairs. It is thought Cordova will remain in Philadelphia until he receives funds from his brother to take him to Mexico, where he was born.

## BIG FORT AT BUFFALO.

Buffalo, N. Y., Aug. 14.—Fire was discovered in the east Buffalo stock yards of the New York Central railroad at 2:30 o'clock this morning. The fire spread with rapidity and throughout the frame buildings. Three alarms of fire have been turned in. The loss will probably reach \$1,000,000.

## PROVO NEWS NOTES.

Provo, Aug. 13.—Herman Oberhauser died at the hospital yesterday morning from blood poisoning. Mr. Oberhauser formerly lived in Payson, but lately bought a home in Provo. He was fifty-five years of age and leaves a wife and eleven children. The remains will be shipped to Payson, where services will be held in the First ward meeting house Friday at 1 o'clock.

Marriage licenses have been issued to Gilbert Friel of Springville and Emma Mair of Liverpool, England; Herbert Jessup and Annie Leonora Lambert of Garfield; Fred Scott and Ina Williams of Mammoth; George E. Ash and Kate Richardson of Pleasant Grove.

There is a hot game of baseball on the taps to come off at an early date. The lawyers have challenged the county officers, and the challenge has been accepted.

## CARMAN'S CRYPTIC LINES.

(New York Press.)

Bliss Carman and Charles G. D. Roberts are cousins and are ardent admirers of each other. At a studio tea an impressionable young woman recently asked the poet: "Mr. Carman, what did you mean by those lines in your last poem?" "I'm sure I don't know," answered Carman, dreamily. "If you really like Carman, perhaps you'd better ask Roberts. Sometimes I write things that nobody understands except myself and Roberts, and sometimes nobody understands them except Roberts."

## AGAIN IN HOSPITAL.

Boston, Aug. 14.—Governor Curtis Guild was operated upon for appendicitis at the Charles Gate hospital this evening. The governor stood the strain of the operation remarkably well.

## THE AD THAT GETS RESULTS

LET US TALK TO YOU ABOUT IT.

C. R. BRAZIER  
ADVERTISING AGENCY  
325 D. F. WALKER Bldg.

## THE AD THAT GETS RESULTS

One of Most Prosperous Communities in State Lies Adjacent to Salt Lake.

One of the most prosperous districts in Utah is in the vicinity of Riverton, in the southern part of Salt Lake county. Although there are only about 100 families there and the total population is said to be not more than 600, public improvements are under way which will cost about \$75,000. If Salt Lake were spending money for improvements in the same proportion to its inhabitants it would mean the expenditure of \$75,000,000.

Riverton put in a new \$25,000 water system, has a meeting house under construction which will cost from \$25,000 to \$30,000, has commenced work upon a new school house which will cost \$25,000. In addition to these undertakings, the residents of Riverton are engaged upon several important private undertakings, one of which is a dry farming enterprise. The wheat crop from 600 acres of dry farming land at the edge of the Riverton settlement is now being harvested.

The present public school of Riverton is a brick structure of a much better type than is to be found in most places of the size of Riverton. The new school building is to be commodious and thoroughly modern. It will be situated in the center of an open space, so that there will be plenty of light and sunshine from all the outside windows. But in addition to this there will be a court in the center of the building so that all the classrooms will receive light from windows facing the court as well as those facing outward. The concrete foundation of the school building has been completed.

The new meeting house is almost finished. The high dome of the building can be seen for miles around Riverton and is used as a landmark by travelers on the roads. In the top of the dome is an observation station from which a wide view of the surrounding country can be obtained.

On the ground floor will be the Sunday school room. Above this, reached by two flights of steps, on each side of the entrance to the Sunday school room, will be the main assembly room. The interior of the dome, which arches over the assembly room, has been beautifully tinted and decorated. The building is of brick and stone, with numerous exterior architectural embellishments.

The Riverton water system at present contains ten miles of piping, four and a half miles of four-inch pipe; one and a half miles of three-inch pipe and the remainder two-inch pipe. Considerably more piping will be used in taking the water to all of the Riverton homes.

Water for the Riverton system is obtained by tapping the Bear canyon pipe line at Draper.
